

14'x10' SkyDome Screenhouse

Instructions apply to Part Number 9392-540

ASSEMBLY PARTS

When You Are Ready To Set Up Your Shelter

- Select a level area clear of rocks, branches and other hard or sharp objects.
- Do not set up your shelter under trees.
- For easier set up, two or more people are recommended.
- Place fabric in center of selected location and assemble above fabric.

Poles (4) Part No. 9392-1201

Hub (1) Part No. 9392-1261

1 Pole Assembly

- You will need to assemble and connect one pole at a time to the hub.
- Do not completely assemble poles.
 - a) Beginning at spring-clip end of pole, assemble all but the last shock-corded section. The pole and one section should curve downward. (illus. 1)
 - b) Locate the center top clip on the fabric and attach it to the Hub (illus. 1), (illus. 3)
 - c) Starting at the corner, Insert the spring-clip end of the pole through the webbing loop and then into the pole sleeve pushing it toward the center (illus. 1)
 - d) Insert the spring-clip end into one of the hub ports until it clicks into position. That pole will now partially stand up. (illus. 2), (illus. 3), (illus. 4)
 - e) Repeat for each of the three remaining poles (illus. 3)

Poles clipped into position in the hub

2 Attach Shelter to Frame

- When the poles are attached to the hub, and the shelter is partially standing, hook the webbing loop into position over the metal bracket. (illus. 4), (illus. 5)

3 Complete Shelter

- Fully extend each pole by straightening all shock-corded pole sections.
- Insert the pin on the pin and ring system, at the corner of the SkyDome fabric into the the pole end. (illus. 6), (illus. 8)
- Repeat for remaining poles.
- Adjust poles to pull the shelter taut and stake down through the fabric loops at the end of pin and ring. (illus. 7), (illus. 8)
- Attach corner clips to poles.
- Attach guy lines to fabric guy loops at each corner and stake out. (illus. 8)
- Doors can be and secured open with toggle and loops. (illus. 8)

Stake through stake loop

Things You Should Know

- Never store shelter, even for a short period of time, without drying it thoroughly and brushing off caked dirt. Do not pack stakes or poles inside your shelter. Use separate storage bag.
- STAKES SHOULD BE REMOVED BY PULLING ON THE STAKE ITSELF. NEVER PULL ON THE SHELTER FABRIC OR STAKE LOOP TO REMOVE STAKE.
- SHELTER POLES SHOULD NOT BE LEFT TELESKOPED TOGETHER DURING STORAGE.
- Do not leave your shelter set-up for weeks at a time, be aware that exposure to the ultraviolet rays of the sun can seriously damage material and/or cause it to become discolored.

WARNING: Keep all flame and heat sources away from this shelter fabric.

This shelter meets the flammability requirements of CPAI-84. The fabric will burn if left in continuous contact with any flame source. The application of any foreign substance to the shelter fabric may render the flame-resistant properties ineffective.
